

1<sup>st</sup> December 2009

Dear Parents,

As you may have seen in the recent news there has been concern about the use of asbestos in school buildings and the effect it can have on Pupils and Staff. I would like to reassure Parents that when the school was purchased in July the Prowing Trust commissioned a full asbestos survey and we were cleared as having no asbestos on site.

I hope this eases your minds about your children's safety.

J.CARN
